High Performance Box POS System
# HK760

Excella

Reliable Alloy Design

Metal alloy design, perfect for harsh and rough industrial environments

Small Size

Compact footprint overcomes the severe space constraints of retail establishments

High Performance & Eco-Friendly

Embedded with powerful yet energy-efficient Intel Core CPU

Easy Maintenance

Easy to maintain key components

HK760 Box POS System

HK760 Box POS System features the Intel Core CPU which delivers stable quality and reliable operation with various modular options to meet the needs of most retail, hospitality & entertainment environments. The HK760 Box POS System is a cost-effective solution which features design that allows easy HDD removal and replacement making it easy to maintain the system.

Key Features

■ Intel® Core™ Processor

HK760 Box POS System is designed to deliver quiet operations, thus reducing distractions, costs and failures. Equipped with High-performing Intel® Core™ Processor, it allows for faster operations, reliability and stable quality

■ Innovative HDD Slot

The HK760 Box POS System features a unique and convenient way of removing and replacing the HDD for easy maintenance and upgrade. Users can simply remove the HDD tray holder and remove the HDD.

■ 15" TFT LCD Capacitive Touch

The HK760 Box POS System features a 15" Flat Capacitive Touch – Screen for Operator Display which provides a smooth and seamless surface. It is resistant to water, dust, grease and food build-up and fulfills the needs of market.

### ■ Flexible Modular Configuration

The HK760 Box POS System comes with various modular options like 10.1" / 15" Customer Displays, 2 x 20 Alphanumeric VFD and MSR; thus providing the users with flexibility to choose the options that suit the market trends.
